July 20, 2017 Regular monthly meeting Lock Two Park 7pm.

Dates for 2017 club events so far are: Big Hill Challenge June 10; Skymont Horseback Ride - Oct. 6&7; Jack n' Back Bike Ride - Oct. 7&8. More details will be passed along as soon as we get them.

President's Corner

Well, it's here. Summer Field Day is just a few weeks away. This is always a big event for us. We will need lots of volunteers over the weekend of June 24-25. It'll take teamwork to pull it off. We need help with set-up starting about 8am on Saturday and operators thru out the weekend, and of course help with tear down on Sunday. We're hoping for a big turn out and some displays from the Highway Patrol and Sheriff's Dept. as well as others. Invite you friends and family to come out and see what we do.

Please don't forget about our other events. Big Hill Challenge is June 10th. Contact Jerry Hedgcoth if you are interested in this event.

If you ever have any problems or concerns please feel free to contact me at 615-480-6402 or at n1nut48@gmail.com

What is Field Day?

ARRL Field Day is the single most popular on-the-air event held annually in the US and Canada. On the fourth weekend of June of each year, more than 35,000 radio amateurs gather with their clubs, groups or simply with friends to operate from remote locations. Field Day is a picnic, a campout, practice for emergencies, an informal contest and, most of all, FUN!

It is a time where many aspects of Amateur Radio come together to highlight our many roles. While some will treat it as a contest, other groups use the opportunity to practice their emergency response capabilities. It is an excellent opportunity to demonstrate Amateur Radio to the organizations that Amateur Radio might serve in an emergency, as well as the general public. For many clubs, ARRL Field Day is one of the highlights of their annual calendar.

The contest part is simply to contact as many other stations as possible and to learn to operate our radio gear in abnormal situations and less than optimal conditions.

We use these same skills when we help with events such as marathons and bike-a-thons; fund-raisers such as walk-a-thons; celebrations such as parades; and exhibits at fairs, malls and museums — these are all large, preplanned, non-emergency activities.

But despite the development of very complex, modern communications systems — or maybe because they ARE so complex — ham radio has been called into action again and again to provide communications in crises when it really matters. Amateur Radio people (also called “hams”) are well known for our communications support in real disaster and post-disaster situations.

Memorial Day

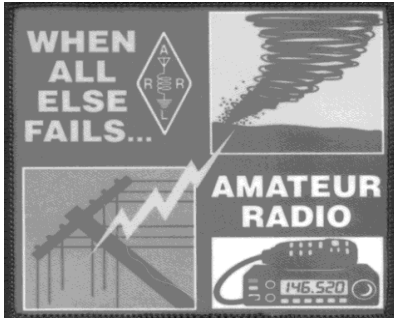

"True heroism is remarkably sober, very undramatic. It is not the urge to surpass all others at whatever cost, but the urge to serve others at whatever cost."

Arthur Ash

"Our debt to the heroic men and women in the service of our country can never be repaid. They have earned our undying gratitude. America will never forget their sacrifices.

President Harry S. Truman
